Steve,

Kirstin will cover the week of July 27, and Kirstin and I will tag team the week of August 17th. Also, we'll have a SOW for Gold King and Mogul coming your way in the relative near term.

Allen,

The week of August 17th I have to be on phone duty, and Joyel Dhieux (one of our newer OSCs) will be covering the R n B work. Gold King will also be starting with H & W opening the adit. This is not a great period for me to be out, so I am hoping that you can stop in that week and see how things are. That week is probably more important than the week of Aug 1 when Hays will be there. In fact the week of July 27, is a gap in coverage that I over looked. Let me know on these periods if you have time to look in . Kirstin indicated that she'd be around some too.

Thanks,

Steve
